Access Just Got Smarter

The Ashgrove by McGrath Smart Locks is a sleek 4-in-1 smart deadbolt that is only available in the UK & Ireland. Featuring built-in Wi-Fi, a tempered glass screen and braille raised buttons, it improves usability while delivering secure and convenient access for homes and businesses.

Managed via the McGrath Smart Locks App, the Ashgrove allows access using PIN codes, RFID cards or tags, Wi-Fi or Bluetooth eKeys, plus a mechanical key override.

Built for demanding applications, the Ashgrove features a durable tempered glass screen and a stainless steel anti-saw adjustable backset bolt. An IP65 weather rating on the external assembly ensures reliable performance in challenging conditions.
